HEALTH CARE MANAGEMENT, BS

The Health Care Management program prepares students for a variety of entry and mid-level management positions in health services organizations, such as benefits offices, insurance companies, home health agencies, PPOs, HMOs, doctors' offices, group practices, hospices, hospitals, nursing homes, extended care facilities, ambulatory care centers, governmental health agencies, and other health care delivery organizations.

Admission and Readmission Requirements

Students intending to enroll in the Health Care Management program must meet all University admission and academic requirements. The following additional requirements also apply and must be met prior to enrollment in any business or health sciences courses numbered 3000 or above:

- a. **Completion of Program Application Form.** Students must declare a Health Care Management major and complete a program application form. The application for program admission must be completed prior to enrollment in upper division program requirements. A minimum 2.00 institutional GPA is required prior to enrollment in any 3000-level course.
- b. Completion of Lower Division Requirements.
 - i. Students may be admitted to the Health Care Management program and allowed to take selected 3000-level courses upon completion of at least 45 semester credit hours applicable to Core IMPACTS and Field of Study, including ENGL 1101 English Composition I, ENGL 1102 English Composition II, MATH 1101 Intro to Mathematical Modeling or higher, ACCT 2102 Principles Managerial Acct., and ECON 2105 Principles of Macroeconomics. (The selected courses are HSCI 3113 Hlth Communication for Manager and HLTH 3420 Health Education.)
 - ii. Health Care Management students must complete all Core IMPACTS and Field of Study, requirements (with no grade lower than C in Field of Study) prior to enrollment in any 3000-level Health Sciences or Business courses other than those listed above.
 - iii. Health Care Management students must earn a grade no lower than a C in MATH 1401.

A suspended student may apply for readmission to the Health Care Management Program immediately following his or her first semester of suspension. For a subsequent suspension, a student may apply for readmission following three semesters of suspension. Suspended students seeking readmission must submit an Application for Readmission to the appropriate program. The department head will review the application and make a recommendation to the Dean, who will make the final decision. Positive recommendations for readmission must be based on clear and convincing evidence regarding the student's prospects for academic success following the period of suspension.

Satisfactory Academic Progress Requirements

Program-specific regulations for the Health Care Management program are as follows: Students must achieve a grade of *C* or better in all upper

division course work including required courses and program electives. Students must repeat any required course in which a grade of *C* or better is not achieved. Any student who fails to meet this performance level will be placed on program probation. A student must earn a grade of *C* or better in all courses while on program probation. Failure to achieve this performance level will result in suspension from the program. Readmission following suspension must be approved by the Dean of the College of Health.

Program Learning Outcomes

Graduates of this program will be able to:

- a. Analyze the complexity of the healthcare system that can influence managerial decisions, the importance of teamwork, and personal and professional ethics regarding health care services and programs.
 (AUPHA competency: policy development/program planning, financial planning/management skills, leadership/systems thinking analytic/ assessment skills).
- b. Apply basic population health/public health principles and research concepts that influence the practice of managing the health of communities and the delivery of healthcare services (AUPHA competency: public health science skills, program planning, analytic/ assessment skills, cultural competency skills).
- c. Analyze current economic and financial factors and policies that influence managerial decisions regarding healthcare services and programs. (AUPHA competency: financial planning and management skills, policy development/program planning).
- d. Utilize effective communication skills required in the healthcare environment. (AUPHA competency: communication skills, cultural competency skills).
- e. Analyze and assess the various aspects of a healthcare system to effectively manage and lead an organization. (AUPHA competency: leadership and systems thinking skills).
- f. Demonstrate workplace readiness through the application of knowledge from the various health care management courses to analyze an opportunity and propose an appropriate course of action. (AUPHA competency: community dimensions of practice skills, assessment, and communication skills).

Other Program-Specific Graduation Requirements

- a. Grades of D will not count toward graduation for Field of Study, MATH 1401 Elementary Statistics, or for any upper division requirements.
- b. In order to receive the B.S. degree, a student must complete a minimum of 30 hours in residency at Clayton State. Of these, at least 24-credit hours must be upper division courses within the program, including the 6-hr Research-Policy sequence¹ AND the 6-hr Internship/Practicum-Capstone sequence². Code Title Credit

		Hours
Research-Policy	Sequence ¹	
HCMG 4500	Health Care Policy	3
HCMG 4901	Applied Research	3
Internship/Practicum-Capstone Sequence ²		
HCMG 4970	Health Care Mgmt Internship/Pr	3
HCMG 4999	Capstone in Health Care Mgmt.	3
Total Credit Hours		12

- c. Students must enroll in the 6-hr Research-Policy sequence prior to enrolling in the 6-hr Internship/Practicum-Capstone sequence.
- d. Students must enroll in the 6-hour Internship/Practicum-Capstone sequence the last semester prior to graduation.

Students must have a 2.00 institutional GPA to enroll in HCMG 4970 Health Care Mgmt Internship/Pr and HCMG 4999 Capstone in Health Care Mgmt. No exceptions are permitted.

Students must have a declared major in Health Care Management to enroll in HCMG 4970 Health Care Mgmt Internship/Pr and HCMG 4999 Capstone in Health Care Mgmt. No exceptions permitted.

¹ MATH 1401 Elementary Statistics required if not satisfied in Area D2. HCMG 2100 Medical Terminology or ECON 2106 Principles of Microeconomics recommended.

Suggested Course Sequence

Please Note: This is a suggested course sequence and assumes a starting freshman with no prior college credit who intends to complete their degree in four years. Students should consult with their academic advisor and review the course prerequisites and minimum grade requirements as seen in the Academic Catalog.
