

THIRD-PARTY BILLING

Third-party billing is the process in which Clayton State University bills an outside organization (third party such as AmeriCorps, Athletics, GEICO Corporate Sponsor, Military, Saudi Arabian Cultural Mission, Third Party Scholarships, etc.) for a student's tuition and/or fees. Third-party billing requires that Clayton State submits an invoice to the organization before the remittance of payment. If you are expecting a third-party organization to pay your tuition and/or fees, please view the Bursar's Office Third-Party Billing webpage (<http://www.clayton.edu/bursar/Third-Party-Billing/>).
